Claim 36 is rejected under 35 U.S.C. 112, second paragraph, as failing to set forth the subject matter which applicant(s) regard as their invention.

The applicants' added limitations of "oligomers having a weight average molecular weight of less than 1000" or "high molecular weight polymers having a weight average molecular weight of from 1000 to 10,000,000 is new matter. There is no literal support for these values for weight in the specification.
